

Get TruHearing[®] to hear better at any age

Hearing well improves overall health and well-being

Adding TruHearing to your group health plan gives your employees with hearing loss high-quality, affordable care to help them live a healthier, happier life. TruHearing can help your employees and their families hear better by providing access to exams and discounts on hearing aids and hardware. Plus, offering services like TruHearing as a part of your benefits package can help you attract and retain top talent.

TruHearing features

Excellent customer service

TruHearing consultants will help schedule an exam, fitting, and follow-up care with a nearby licensed provider.

Improved quality of life¹

Smartphone apps allow users to adjust their hearing aids and stream their favorite music and shows with Bluetooth[®].

State-of-the-art technology²

With technology that lifts voices from background noise, your employees will be able to hear conversations in a crowded room more clearly. They can also get rechargeable batteries that last all day.

Give your employees complete hearing care

- Access to a **large provider network**
- Risk-free **60-day trial period**
- **One year** of follow-up visits
- **80 free batteries** per non-rechargeable hearing aid
- **Full three-year** manufacturer warranty

Help improve productivity

37% of employees with untreated hearing loss report **losing 5+ hours per week** at their workplace.³

Hearing coverage with TruHearing

The TruHearing program includes coverage for a hearing exam and discounts on a range of hearing aids. No matter their lifestyle, budget, or level of hearing loss, your employees will have a variety of options.
