

Take a closer look at your vision benefits

Independence Blue Cross (IBX) members have access to comprehensive vision care coverage and low out-of-pocket costs.

Eye care is an important part of your overall health

An eye exam can help with early detection of vision problems and systemic diseases, such as diabetes and cardiovascular disease. In addition to regular vision exams, covered services like refraction, glaucoma screenings, and dilation can help paint a picture of your overall health. As an added benefit, you also have access to a free hearing exam and exclusive discounts on hearing supplies through a partnership between **Davis Vision** and **Your Hearing Network**.

Low-cost frames and lenses

Members can choose frames from the Davis Vision Exclusive Collection — an enhanced selection of stylish, contemporary brand-name designer frames that are available at most in-network providers.

- Get fixed pricing on all lens styles and coatings.
- Worry less with one-year breakage warranty for frames and lenses.

Log in at **ibx.com** to manage your vision benefits, check eligibility, and locate an in-network provider. You can also call the Member Services number listed on the back of your member ID card if you have questions.

- Select frames using *one* of the following options:¹
 - Choose from no- to low-copay designer frames from the Exclusive Collection, or
 - Use your frame allowance towards any frames at in-network independent or retail providers, including **Target Optical**, **Pearle Vision**, and **Warby Parker**,² or
 - Use an enhanced frame allowance when shopping at **Visionworks**.³

Choose contact lenses instead

You can choose contact lenses instead of eyeglasses. Use your contact lens benefit at any in-network provider.

More ways to use your vision benefits online

Take advantage of in-network online shopping at **1800Contacts.com**, **Befitting.com**, and **Glasses.com**.

Laser vision correction services

Members can enjoy discounts on LASIK services at participating eye care professional locations – up to 25 percent off.⁴

Find a provider that's right for you

The national Davis Vision network includes more than **160,000 access points** for independent eye care professionals, as well as large retail and online providers.

¹ Refer to your plan's benefit summary for frame allowance amounts.

² Target, Pearl Vision, and Warby Parker are not in-network providers for ACA pediatric members. Warby Parker is an in-network provider if your plan has a frame allowance of at least \$85.

³ Not all plans have an enhanced frame allowance. Please check your policy for benefit information and eligibility.

⁴ The 25 percent discount is off the participating eye care professionals usual and customary fees or 5 percent off any participating eye care professionals advertised specials, whichever is less.

Independence Blue Cross vision benefits are administered by Davis Vision, an independent company. An affiliate of Independence Blue Cross has a financial interest in Visionworks.

Independence Blue Cross offers products through its subsidiaries Independence Assurance Company, Independence Hospital Indemnity Plan, Keystone Health Plan East, and QCC Insurance Company — independent licensees of the Blue Cross and Blue Shield Association.
